✝️ CROSS: A Guide for Faithful Witness

Disciple Making in the Real World is a workshop designed to help believers share Christ and make disciples in today's cultural landscape—with clarity, courage, and compassion.

At the core of this workshop is **CROSS: A Guide for Faithful Witness**. This relational guide equips Christians to share their faith with spiritual attentiveness and discernment. *This isn't a method to replace your evangelism—it's a tool to help you do it with greater impact.*

Sharing your faith isn't about following a script, it's about showing up with **wisdom**, **humility**, and **spiritual sensitivity**.

The **CROSS** guide offers five postures to carry with you into any conversation. During our workshop, we'll unpack each one scripturally and spend time practicing how to apply them in real-life settings.

- Stir **Curiosity** – Awaken spiritual hunger by prompting meaningful dialogue and questions that invite deeper reflection and pursuit.
- Be **Relational + Relatable** – Prioritize real connection over polished delivery and performance.
- Be **Observant** – Hone your spiritual discernment to recognize what God is already doing in the person and the moment.
- Be **Sowers** – Plant prayerful seeds in faith without pressuring for results.
- Be **Secure** – Root your boldness in Christ, not in outcomes or responses.

By the end of our time together, participants will be equipped to engage the world with confidence, listen with care, and witness with conviction—wherever God has placed them.
